11 Chiropractor

Chiropractors are enrolled only for services provided to QMB recipients or to recipients referred as a result of an EPSDT screening.

Chiropractor services are available up to 30 days prior to release for an eligible child under age 21 being held “post adjudication” as an inmate of a public institution. (Adjudication is the court process that determines if an individual committed the act for which they were charged)

Policy provisions for chiropractors associated with EPSDT can be found in the *Alabama Medicaid Agency Administrative Code,* Chapter 11.

11.1 Enrollment

Alabama Medicaid’s fiscal agent enrolls chiropractors and issues provider contracts to applicants who meet the licensure and/or certification requirements of the state of Alabama, the Code of Federal Regulations, the *Alabama Medicaid Agency Administrative Code*, and the *Alabama Medicaid Provider Manual*.

Federal requirements mandate providers re-validate periodically with the Alabama Medicaid program. Providers will be notified when they are scheduled to re-validate. Failure to re-validate and provide appropriate documentation to complete enrollment will result in an end-date being placed on the provider file. Once a provider file has been closed for failure to timely re-validate, providers will have to submit a new application for enrollment.

Refer to Chapter 2, Becoming a Medicaid Provider, for general enrollment instructions and information. Failure to provide accurate and truthful information or intentional misrepresentation might result in action ranging from denial of application to permanent exclusion.

National Provider Identifier, Type, and Specialty

A provider who contracts with Alabama Medicaid as a Chiropractor is added to the Alabama Medicaid system with the National Provider Identifiers provided at the time application is made. Appropriate provider specialty codes are assigned to enable the provider to submit requests and receive reimbursements for chiropractic-related claims.

NOTE:
The 10-digit NPI is required when filing a claim.

Chiropractors are assigned a provider type of 15. Valid specialties for chiropractors include the following:

- Chiropractor (150)
- QMB/EPSDT (600)

Enrollment Policy for Chiropractors

To participate in the Medicaid program, chiropractors must have a current certification and/or be licensed to practice and operate within the scope of practice established by the state's Board of Chiropractic Examiners.

11.2 Benefits and Limitations

This section describes program-specific benefits and limitations. Refer to Chapter 3, Verifying Recipient Eligibility, for general benefit information and limitations. Refer to Chapter 7, Understanding Your Rights and Responsibilities as a Provider, for general criteria on Medical Necessity/ Medically Necessary Care.

Chiropractic services are only covered for QMB recipients for recipients referred directly as a result of an EPSDT screening, or 30 days prior to release for an eligible child under age 21 being held “post adjudication” as an inmate of a public institution.

For more information about the EPSDT program, refer to Appendix A, EPSDT.

11.3 Prior Authorization and Referral Requirements

Chiropractic services generally do not require prior authorization since services are limited to QMB recipients EPSDT referrals, or 30 days prior to release for an eligible child under age 21 being held “post adjudication” as an inmate of a public institution. Some codes may require prior authorization before services are rendered. Refer to Chapter 4, Obtaining Prior Authorization, for general guidelines on determining if a prior authorization is needed and how to obtain the information.

When filing claims for recipients enrolled in the Alabama Coordinated Health Network (ACHN) Program, refer to Chapter 40 to determine whether your services require a referral from the Primary Care Physician (PCP).When an EPSDT referral is required for treatment of medically necessary services, the Alabama Medicaid Referral Form (Form 362) must be appropriately completed by the screening physician including the screening date that the problem was identified and the reason for the referral.

Signature Requirement for Referrals: Effective May 16, 2012:
For hard copy referrals, the printed, typed, or stamped name of the primary care physician with an original signature of the physician or designee is required. **Stamped or copied signatures will not be accepted**. For electronic referrals, provider certification is made via standardized electronic signature protocol.

11.4 Cost Sharing (Copayment)

The copayment amount for office visit* including crossovers is:

$3.90 for procedure codes reimbursed $50.01 and greater
$2.60 for procedure codes reimbursed between $25.01 and $50.00
$1.30 for procedure codes reimbursed between $10.01 and $25.00

* The following CPT codes are considered office visits and the copayment is based on Medicaid’s allowed amount (fee schedule) for each procedure:

Native American Indians that present an “active user letter” issued by Indian Health Services (IHS) will be exempt from the Medicaid required copayment.

The provider may not deny services to any eligible Medicaid recipient because of the recipient’s inability to pay the cost-sharing (copayment) amount imposed.
